

Interfor Corporation

ANNUAL INFORMATION FORM

Prepared as of February 8, 2018

In this Annual Information Form, the term "Company", "Interfor", "we" or "our" means Interfor Corporation together with its subsidiaries. The results reported herein have been prepared in accordance with International Financial Reporting Standards (IFRS). All information in this Annual Information Form is presented as at December 31, 2017, and all amounts are in Canadian Dollars, unless otherwise specified herein.

FORWARD LOOKING INFORMATION

This Annual Information Form contains forward-looking information about the Company's business outlook, objectives, plans, strategic priorities and other information that is not historical fact. A statement contains forward-looking information when the Company uses what it knows and expects today, to make a statement about the future. Forward-looking information is included under the headings "Recent Developments"; "Manufacturing and Timber Supply", "Sales, Marketing and Competitive Position", "Distribution", "Human Resources", "Environment and Social", "Research and Development", and "Risk Factors". Statements containing forward-looking information may include words such as: will, could, should, believe, expect, anticipate, intend, forecast, projection, target, outlook, opportunity, risk or strategy.

Readers are cautioned that actual results may vary from the forward-looking information in this report, and undue reliance should not be placed on such forward-looking information. Risk factors that could cause actual results to differ materially from the forward-looking information in this report are described in Interfor's annual Management's Discussion & Analysis under the heading "Risks and Uncertainties", which is available on www.interfor.com and under Interfor's profile on www.sedar.com. Material factors and assumptions used to develop the forward-looking information in this report include volatility in the selling prices for lumber, logs and wood chips; the Company's ability to compete on a global basis; the availability and cost of log supply; natural or man-made disasters; currency exchange rates; changes in government regulations; the availability of the Company's allowable annual cut ("AAC"); claims by and treaty settlements with Indigenous peoples; the Company's ability to export its products; the softwood lumber dispute between Canada and the U.S.; stumpage fees payable to the Province of British Columbia ("B.C."); environmental impacts of the Company's operations; labour disruptions; and cyber-security measures.

Unless otherwise indicated, the forward-looking information in this report is based on the Company's expectations at the date of this report. Interfor undertakes no obligation to update such forward-looking information, except as required by law.

DESCRIPTION OF THE BUSINESS

Interfor is a leading global supplier of lumber products. The Company has annual production capacity of approximately 3.1 billion board feet and offers one of the most diverse lines of lumber products to customers in North America, the Asia-Pacific region and Europe.

The Company has sawmilling operations in British Columbia, Washington, Oregon, Georgia, South Carolina and Arkansas. Interfor also owns value-added remanufacturing facilities in Washington and Georgia.

COMPANY HISTORY AND DESCRIPTION

Our business originated in the 1930's with a sawmill in Whonnock, about 48 kilometres east of Vancouver, B.C. Since that time, we have made significant investments to expand, upgrade and diversify our production facilities and timber base through capital programs and the acquisition of manufacturing plants and timber resources.

The Company was incorporated under the *Company Act* (British Columbia) on May 6, 1963 and, on December 1, 1979, was amalgamated with subsidiary Whonnock Forest Products Limited. On January 1, 1988, a change in name from Whonnock Industries Limited to International Forest Products Limited occurred. On February 10, 2006, we transitioned under the *Business Corporations Act* (British Columbia). Effective on May 6, 2014, the Company's name was changed to Interfor Corporation. Our head office and our registered and records offices are located at Suite 3500, 1055 Dunsmuir Street, Vancouver, British Columbia, V7X 1H7.

Our significant indirectly wholly-owned subsidiary, Interfor U.S. Inc., is incorporated in the State of Washington and owns and operates our U.S. sawmills. Interfor Cedarprime Inc. (incorporated in the State of Washington) is also an indirectly wholly owned subsidiary of Interfor. Directly wholly-owned subsidiaries include Interfor U.S. Holdings Inc. (incorporated in Washington), Interfor Sales & Marketing Ltd. (incorporated in British Columbia), Interfor Japan Ltd. (incorporated in British Columbia), Interfor Insurance Corporation (incorporated in Barbados), and Seaboard Shipping Company Limited (incorporated in British Columbia).

RECENT DEVELOPMENTS

2015

On January 27, 2015, Interfor closed a bought deal public offering of subscription receipts (the "Subscription Receipts") through a syndicate of underwriters. The Company issued an aggregate of 3,300,000 Subscription Receipts at a price of \$20.10 per Subscription Receipt, for aggregate gross proceeds of \$66.3 million (the "Offering"). Each Subscription Receipt entitled the holder thereof, for no additional consideration and without further action, to one Common Share upon closing of the acquisition of four sawmills and associated working capital from Simpson Lumber Company, LLC ("Simpson"). Net proceeds of the Offering were used to partially fund this acquisition.

On March 1, 2015, Interfor completed its acquisition of four sawmills and associated working capital from Simpson. The sawmills are located in Tacoma, Washington; Longview, Washington; Meldrim, Georgia and Georgetown, South Carolina.

On March 16, 2015, the Company completed a US\$100 million term debt financing of Senior Secured Notes with Prudential Capital Group. The Senior Secured Notes carry an annual interest rate of 4.17% and have a final maturity of March 26, 2026. The proceeds were used to reduce the drawings under the Company's Revolving Term Line. In conjunction with this financing, Interfor decreased the credit available under its Revolving Term Line from \$250 million to \$200 million, without change to other terms and conditions.

On April 27, 2015, Interfor extended the maturity date of its U.S. Operating Line from April 28, 2015, to May 1, 2017, and increased the credit available under that line from US\$30 million to US\$50 million to provide enhanced financial flexibility.

On May 22, 2015, Interfor curtailed operations at its Tacoma sawmill as a result of challenging lumber and log market conditions. Following a comprehensive strategic review, the Company announced its decision on July 30, 2015, to exit the mill. The Tacoma sawmill accounted for 47 million board feet of production in 2015 since acquisition.

On June 19, 2015, Interfor closed its acquisition of a sawmill and associated working capital in Monticello, Arkansas, from Price Lumber Company. This acquisition increased Interfor's U.S. South production capacity to 1.3 billion board feet and raised the proportion of Interfor's total capacity in the U.S. South to more than 40%.

2016

The capital project to upgrade the Company's sawmill in Castlegar, B.C. was substantially complete by the end of 2015 and it was operating at its designed productivity level to start 2016.

On February 9, 2016, Interfor renewed and extended its Canadian Operating Line of credit and Revolving Term Line to a new maturity date of May 19, 2019. The commitment amount, security and pricing grid remained unchanged, but the renewal included a number of improved provisions to provide enhanced financial flexibility and liquidity.

On June 15, 2016, the Company extended the maturity of its U.S. Operating Line from May 1, 2017 to May 1, 2018, without significant change to other terms.

On November 30, 2016, Interfor closed the sale of the Tacoma sawmill property for gross proceeds of US\$32.4 million. Net cash proceeds from the sale of the property were US\$20.4 million after taking into account transaction costs and US\$10 million of contingent consideration owed to Simpson.

2017

In 2017, the U.S. Department of Commerce and the U.S. International Trade Commission determined that the U.S. industry is materially injured by imports of softwood lumber products from Canada and imposed amended final countervailing ("CV") and anti-dumping ("AD") duties of 14.19% and 6.04%, respectively, on Interfor's shipments of softwood lumber from Canada into the U.S. These duties only impact approximately 15% of Interfor's total lumber sales, on average. CV duties were applicable from April 28, 2017 until August 26, 2017 and from December 28, 2017 onwards. AD duties were applicable from June 30, 2017 through December 26, 2017 and from December 28, 2017 onwards. The U.S. International Trade Commission ruling that the U.S. industry was materially injured by Canada's trade practices has set the stage for ongoing litigation. The Government of Canada has indicated it will appeal the U.S. findings and defend itself vigorously against all claims of unfair trade practices made by the U.S. As in previous trade cases, the softwood lumber dispute may take years to resolve itself through the legal process, and remains open to a negotiated settlement at any time.

On March 7, 2017, the Company launched a normal course issuer bid ("NCIB") to purchase for cancellation up to 3,500,000 of its common shares, representing approximately 5% of the common shares issued and outstanding as of March 2, 2017. As of the date of this report, no shares have been purchased by the Company under the NCIB. The NCIB will expire on March 6, 2018.

On May 17, 2017, the Company extended the maturity of its U.S. Operating Line from May 1, 2018 to May 1, 2019, without significant change to other terms.

On September 15, 2017, the Company extended its Canadian Operating Line of credit and Revolving Term Line from May 19, 2019 to September 15, 2021 with an additional borrowing margin and stand-by fee tier, reducing the cost for both drawn and undrawn amounts. There were no other significant changes.

On November 2, 2017, Interfor announced large scale projects at its Meldrim and Monticello sawmills, which represent a total investment of approximately US\$65 million, and are expected to be completed in Q1'19. These two projects are designed to add annual lumber production capacity of approximately 150 million board feet and enhance operating margins at these operations.

The U.S. tax reform enacted in December 2017 reduced the effective tax rate on Interfor's U.S. operations from approximately 37% to 24%.

MANUFACTURING AND TIMBER SUPPLY

We operate five sawmills in B.C. and have U.S. operations comprising two sawmills and one remanufacturing plant in Washington, two sawmills in Oregon, one sawmill in South Carolina, one sawmill in Arkansas, and seven sawmills and one remanufacturing plant in Georgia. These operations produce a wide range of products for sale in North American and offshore markets. The products range from commodity structural lumber through to specialty products, such as exterior decking and siding, machine stress rated products, industrial timbers and a wide range of appearance grade items.

The mills are capable of cutting logs of various species and grades ranging in diameter from 4 inches to 80 inches. Many of our manufacturing facilities have recently been upgraded and modified to improve the matching of timber resources with customers' lumber requirements.

Rated capacity and production of lumber for each region is set out in the following table:

Sawmills	Present Rated Capacity (1)	Production for years ended December 31,		
		2017	2016	2015
		(millions of board feet)		
B.C. Coast⁽²⁾	320	148	159	164
B.C. Interior	750	727	717	620
U.S. Northwest⁽³⁾	640	564	570	655
U.S. Southeast⁽⁴⁾	1,400	1,156	1,042	1,058
Total	3,110	2,595	2,488	2,497

(1) Based on two shifts per day and adjusted for regional operating parameters.

(2) Volumes include lumber custom-cut at third party facilities under the direction of Interfor management amounting to 13, 14 and 13 million board feet in 2015, 2016 and 2017, respectively.

(3) The Longview and Tacoma sawmills were acquired on March 1, 2015. The Tacoma mill was permanently curtailed in August, 2015 and is not included in present rated capacity. Volumes reported reflect Interfor production only.

(4) The Meldrim and Georgetown sawmills were acquired on March 1, 2015. The Monticello sawmill was acquired on June 19, 2015. Volumes reported reflect Interfor production only.

CANADIAN OPERATIONS

B.C. Coast

We own and operate two sawmill operations within the B.C. Coast region. Our Hammond operation is located on the Fraser River in Maple Ridge, B.C. and consists of a three-line sawmill, a planer mill and dry kilns. This facility is focused on western red cedar and supplies siding, decking, fascia and timbers for both offshore and North American markets. Our Acorn operation is located on leased land in Delta, B.C. and consists of a log dewatering and merchandizing system, a sawmill, a planer mill and dry kilns. This sawmill specializes in sizes and grades of lumber for use in Japanese traditional housing made primarily from hemlock and Douglas-fir logs.

B.C. Interior

We own and operate three sawmill operations within the B.C. Interior region with timber tenures having a total AAC of 1.66 million cubic metres. Our Adams Lake operation is located near Kamloops, B.C., while our Castlegar and Grand Forks operations are located in the southern interior of B.C. These mills manufacture kiln-dried lumber for the U.S. and Canadian construction markets as well as for offshore markets, and have the capability to cut Douglas-fir, spruce-pine-fir ("SPF"), fir-larch, western red cedar and hemlock dimension lumber. The Castlegar operation includes a transportation system for transporting logs on Arrow Lake.

B.C. Timber Supply

In the Province of British Columbia, the government or "Crown" owns 95% of the timberlands from which the majority of our timber is harvested. Forest and timber harvesting operations on Crown land in B.C. are regulated under the *Forest and Range Practices Act (British Columbia)* and the *Forest Act (British Columbia)*. The Government of B.C. is responsible for setting the harvest levels, approving forest stewardship plans and cutting permits, determining the stumpage system and managing compliance and enforcement.

The Province provides for the use of Crown forest land through the granting of various forms of timber tenures. These tenure agreements provide timber harvesting rights in exchange for annual rent and stumpage fees payable to the Crown.

Interfor is required to manage forest resources under our tenures in accordance with the requirements of the applicable laws and regulations. Forest management of our tenures is guided by a team of forest professionals that are engaged in a wide array of activities such as resource planning, forest development, road building and harvesting, reforestation, forest protection and environmental certification.

We hold various Forest Licence ("FL"), Tree Farm Licence ("TFL") and Timber Licence tenures that currently provide for an AAC of approximately of 3.46 million cubic meters. The majority of Interfor's tenures are long-term (15 and 25 year) renewable agreements that are generally replaced every five to ten years.

Our timber supply needs are met by a combination of logs harvested from our own timber tenures, long-term trade and supply agreements, and log purchases on the open market. When operating at normal capacity, our mills in B.C. currently acquire approximately one-third of their log supply from external sources.

On the B.C. Coast, we harvest a variety of species consisting primarily of western hemlock, amabilis fir, western red cedar and Douglas-fir. In the B.C. Interior, the species mix consists of spruce, pine, fir, Douglas-fir, larch and cedar. The harvest is derived from both old growth and second growth stands. Whereas one-half of the harvest currently comes from second growth stands on the B.C. Coast, this amount is expected to increase over the

next several decades. Logging operations are seasonal due to a number of factors including weather, ground conditions and fire season closures.

The following table shows our AAC under our FL and TFL tenures and other cutting rights and the volume of timber harvested under our FLs and TFLs and other cutting rights for the periods specified. It also presents the volume of log purchases and sales during the period.

B.C. Timber Supply	Years ended December 31,			
	2018	2017	2016	2015
	(thousands of cubic metres)			
Allowable Annual Cut ⁽¹⁾				
— Forest Licences	2,566	2,775	2,775	2,775
— Tree Farm Licences	840	875	875	875
— Non Replaceable Forest Licences	-	-	-	220
— Discretionary Annual Harvest Levels ⁽²⁾	50	50	50	80
Total AAC	3,456	3,700	3,700	3,950
Log Production				
— Coast ⁽³⁾	1,296	1,308	1,331	
— Interior	1,725	1,657	1,708	
Total Log Production	3,021	2,965	3,039	
Log Purchases	1,271	1,199	1,112	
Log Sales	1,203	1,296	1,453	

(1) AAC status at the beginning of each year (includes a provision for non-recoverable fibre).

(2) Includes Timber Licence tenures.

(3) 2017 volumes include production volume of 25,000 cubic metres of third party timber sales managed by Interfor (2016 – 16,000 cubic metres, 2015 – 30,000 cubic metres).

Forest Health

The Mountain Pine Beetle (“MPB”) infestation has resulted in the mortality of a significant portion of the mature pine trees in the B.C. Interior. The greatest impact has been in the central interior region where there is a high percentage (over 60%) of pine in the forest. Interfor operations are in the southern interior which have a much lower percentage of pine (less than 30%) and are less affected by the MPB. The longer term timber supply impacts of the MPB are not expected to have a significant impact on the Company’s operating areas.

Indigenous Peoples

Indigenous peoples have claimed title and rights over substantial portions of B.C. The Governments (Federal and Provincial) have been seeking to negotiate settlements with Indigenous peoples to address these claims. In addition, the Government has a duty to consult and, where appropriate, accommodate Indigenous peoples interests as this process continues.

Interfor tenures overlap with the traditional territories of over 60 different First Nations, and the Company has numerous agreements and initiatives in place to develop economic opportunities of mutual benefit. The Company is committed to working with Indigenous peoples and each Indigenous group is notified prior to development activities as part of the Forest Stewardship Planning process.

U.S. OPERATIONS

U.S. Northwest

We own and operate four sawmill operations in the U.S. Northwest ("NW"). Three of these operations, located in Port Angeles, Washington, Longview, Washington and Molalla, Oregon, produce stud lumber for the U.S. construction market. Both the Port Angeles and Molalla sawmills produce kiln-dried stud lumber from Hemlock and Douglas-fir logs while the Longview sawmill produces green Douglas-fir stud lumber with a focus on servicing home centers. Port Angeles also produces lumber in 12 foot lengths for the U.S. market and is capable of producing metric sizes for export.

Our Gilchrist sawmill located in Gilchrist, Oregon, processes Lodgepole and Ponderosa pine logs to produce a wide range of specialty and industrial lumber products. This sawmill has an onsite cogeneration plant to produce electricity for its own use as well as steam for its dry kilns. At this location, we own and operate a short line railroad to connect to a mainline for shipment of lumber.

We also own and operate a value-added cedar remanufacturing facility in Sumas, Washington.

U.S. South

We own and operate nine sawmill operations in the U.S. South. Seven of these sawmills are located in Georgia (Baxley, Eatonton, Swainsboro, Thomaston, Preston, Perry and Meldrim), one is located in Georgetown, South Carolina and another in Monticello, Arkansas. These nine sawmills produce southern yellow pine lumber in a range of dimensions from 2x4 through 2x12 products, with 4x4 products also produced at certain mills.

We also own and operate a value-added southern yellow pine remanufacturing facility in Perry, Georgia.

U.S. Timber Supply

U.S. Northwest

Timber supply in the NW is sourced from a broad distribution of forest land ownership (forest industrial lands, small private landowners, and State and Federal lands). These sources represent a long-term supply base from which mills purchase their timber supply. In 2017, approximately 58% of the log supply in the NW came from land that is owned by industrial and small private landowners, while the remainder was sourced from State, Federal and tribal lands.

Our timber supply requirements at the Port Angeles sawmill are weighted to western hemlock with lesser volumes of Douglas-fir. At our Longview location, we only purchase Douglas-fir. Douglas-fir is the prominent species, with smaller volumes of western hemlock and white fir at the Molalla sawmill. All three of our western Oregon and Washington sawmills depend on private industrial landowners and small private landowners for the majority of their supply. The remainder of their supply is comprised of timber from State, Federal, and tribal lands.

At the Gilchrist sawmill, log purchases consist primarily of Lodgepole pine and Ponderosa pine that are harvested from second growth forests and the thinning of young stands from surrounding National Forests. This volume is supplemented with purchases from industrial and non-industrial private lands.

U.S. South

Timber in the U.S. South is sourced primarily from privately held timberlands with only minor volumes coming from publicly owned timberlands. Private timberland ownership includes non-industrial private owners, timber real estate investment trusts (“timber REITs”) and various institutional investors such as pension funds, who are typically represented by a timberland investment management organization (“TIMO”). Both timber REITs and TIMOs are considered industrial timberland owners. Interfor’s sawmills in the U.S. South purchase timber comprised exclusively of southern yellow pine, originating from each of these sources.

The total 2018 log supply requirement for the mills in the U.S. is estimated to be supplied from the following sources:

Expected Sources of Timber 2018	U.S. Northwest	U.S. South
State, Federal and tribal lands	42%	1%
Industrial lands	45%	29%
Private lands	<u>13%</u>	<u>70%</u>
	<u>100%</u>	<u>100%</u>

SALES, MARKETING AND COMPETITIVE POSITION

The global markets for the Company’s products are highly competitive and producers compete primarily on the basis of price. In addition, a majority of Interfor’s lumber production is sold into markets where competitors have the same or larger capacity and may be lower cost producers.

The following table shows our lumber sales by geographic area and total sales by product line for the past three years:

	Years ended December 31,		
	2017	2016	2015
	(thousands of dollars)		
Lumber			
— U.S.A.	\$1,231,279	\$ 1,098,106	\$ 996,683
— Japan	130,817	123,878	124,252
— Canada	128,437	92,248	94,483
— China	81,146	59,102	66,581
— Other export	77,593	60,179	47,104
Offshore transportation and handling	30,157	24,783	32,089
	1,679,428	1,458,296	1,361,192
Logs	157,641	179,275	174,090
Wood chips and other residuals	146,452	145,608	141,717
Ocean freight, contract services and other	6,585	9,533	10,376
Total sales	\$1,990,106	\$1,792,712	\$1,687,375

Lumber Sales

Like other commodities, the demand for lumber is cyclical. It is affected by factors such as interest rates, foreign currency exchange rates, freight rates, government tariffs and import policies, and overall demand.

In order to diminish the impact of rapid cyclical changes in any one market, we strategically target worldwide markets and offer a diverse range of products. Interfor also has a specific customer and product base in various countries, providing a diversified sales profile. Many of our operations are strategically located close to ports which allow us to fully realize on the opportunities that are available to us in our overseas markets.

Product and market diversification is particularly important as the variability inherent in the log resource produces a much wider spectrum of product sizes and quality. A continuing priority for our Company is to develop products and markets that more fully realize the potential for higher grades, special dimensions and value-added items.

Lumber sales and marketing activities are organized into two sales groups to leverage global expertise: Export and North America. Interfor Japan Ltd., with an office in Tokyo, has developed niche markets and has increased sales directly to end-users in the Japan market. We also have an office in France to serve Continental Europe and Middle Eastern markets, and an office in China to support that country's growing demand for wood.

The primary market for our cedar product line continues to be North America where markets are serviced through a combination of regional wholesale distributors and direct retail sales. Gains have been made, however, in diversifying cedar sales into offshore markets in Europe, China, Japan and Australia.

In North America, we currently service our customer base from two sales locations. Our products produced by our sawmills in Canada and the U.S. Northwest are sold out of our office in Burnaby, B.C. Our products produced by our sawmills in the U.S. South are sold out of our office in Peachtree City, Georgia.

Log Sales

We purchase and sell logs in order to obtain the appropriate size, grade and species of log to suit market conditions and each mill's cutting profile. We buy or trade logs through agreements and open market transactions and sell logs that are either unsuitable for cutting or in excess of our manufacturing requirements.

Wood Chips and Other Residuals Sales

As a by-product of lumber production, our sawmills produce wood chips and other residuals. Essentially all of our wood chips produced in B.C. are sold under short-term and long-term contracts to pulp producers. In general, wood chips produced on the B.C. Coast are sold at prices related to current Northern Bleached Softwood Kraft ("NBSK") pulp prices, while the wood chips produced in the B.C. Interior are sold at current market prices for chips. Chips from our U.S. Northwest and U.S. South operations are sold to pulp and paper producers or fibre board manufacturers under short-term arrangements, with the exception of the Baxley, Georgetown, Meldrim, Gilchrist and Longview sawmills which each have a long-term contract with a pulp and paper producer.

DISTRIBUTION

We use various modes of surface transportation to deliver our lumber products. Shipments to export markets are done by container and break-bulk vessels while shipments of lumber within North America are done by truck and rail. In 2017, break-bulk shipments were transported under contract with an independent ocean carrier and this same arrangement is in place for 2018. Chips and logs are normally delivered by tug and barge or by truck. In Gilchrist, Oregon, and in Grand Forks, B.C. we own short line railroads that connect to Class 1 railroads for shipping lumber and chips.

HUMAN RESOURCES

In B.C., we directly employ approximately 1,187 people in our logging and manufacturing operations and corporate offices. The Canadian United Steel Workers ("USW") is the certified bargaining agent for approximately 556 of these people. The agreement with the USW for the B.C. Coast has an expiry date of June 14, 2019, while the Southern Interior USW agreement expires on June 30, 2018. The Canadian Marine Service Guild ("CMSG") represents 22 employees, and their collective agreement expires September 30, 2019.

In the U.S., we employ approximately 1,875 employees in our sawmill and remanufacturing operations in Washington, Oregon, Georgia, Arkansas, South Carolina and in our offices located in Bellingham, Washington and Peachtree City, Georgia. The International Association of Machinists ("IAM") is the certified bargaining agent for approximately 92 of these people employed in the Longview, Washington sawmill. The IAM collective agreement expires on November 15, 2020.

ENVIRONMENT

Interfor is committed to responsible stewardship of the environment. We maintain an Environmental Management System ("EMS") for all of our woodlands and manufacturing facilities. The EMS provides a structure for identifying, addressing and managing environmental issues. Audits are performed regularly in both the woodlands and manufacturing operations to verify its effectiveness.

Regulatory Compliance

Extensive provincial, state, federal or other laws and regulations apply to most aspects of our business activities. Interfor has incurred and will continue to incur, capital expenditures and operating costs to comply with environmental laws and regulations, including U.S. Maximum Achievable Control Technology ("MACT") and continuous monitoring requirements applicable to certain of our boilers. These costs have not and are not expected to have a material financial or operational effect on the Company or its competitive position.

Forest Management Certification

Interfor has achieved the internationally recognized Sustainable Forestry Initiative forest management certification for all of our B.C. woodlands operations. Independent third party certification audits are conducted by KPMG Performance Registrar Inc.

Chain of Custody and Responsible Purchasing

Interfor maintains Chain-of-Custody certifications at certain mills and fibre sourcing procedures that track logs coming from sustainably managed forests through the manufacturing process.

Coast Forest Conservation Initiative

Interfor is a member of the Coast Forest Conservation Initiative (“CFCI”) – a collaborative effort of five B.C. forest product businesses committed to finding new approaches to forest conservation and management in B.C.’s Central and North Coast. CFCI collaborates with the Rainforest Solution Project (a group of environmental organizations) in a forum known as the Joint Solutions Project (“JSP”). The joint work done by JSP was a major part of the landmark Great Bear Rainforest agreement announced by the province in 2016.

Reforestation and Other Forestry-related Liabilities.

Crown legislation requires the Company to complete reforestation activities on its forest and timber tenures. Accordingly, Interfor records the estimated liability for reforestation as timber is cut, and includes these expenses in the cost of current production. The estimate of future reforestation costs is based on detailed prescriptions of reforestation as prepared by Registered Professional Foresters employed or contracted by the Company. Considerations include the specifics of the areas logged and the treatments prescribed for those areas, as well as the timing and success rates of the planned activities. Estimates of reforestation liabilities are reviewed annually or more frequently if required, and can be materially impacted by forest fires, wildlife grazing, unfavourable weather conditions, changing legislative requirements and standards, or inaccurate projections, which could result in a charge against operating earnings.

The Company also has a legal obligation to deactivate certain roads constructed for access to timber, once that access is no longer required. Accordingly, Interfor accrues the cost of road deactivation as related timber is cut, including those expenses in the cost of current production. The estimate of future road deactivation cost is based on comprehensive plans prepared by professional foresters and engineers employed by Interfor and includes such considerations as road structure and terrain. Estimates of road deactivation liabilities are reviewed annually or more frequently if required, and can be materially impacted by unfavourable terrain, changing legislative requirements and standards, or inaccurate projections, which could result in a charge against operating earnings.

Continual Improvement

Each year a formal management review of the Company’s sustainable forest management program and performance is completed as part of the process of continual improvement.

Additional information about our environmental work and third party certification is available on our website at www.interfor.com and in our sustainability report, which will be made available on our website in due course.

RESEARCH AND DEVELOPMENT

We contribute to and participate in industry research organizations that have made numerous technical developments beneficial to us in areas such as sawing technology, drying techniques and anti-sap stain applications. We are committed to applied research and development in the areas of environment, health and safety, forest management, and product and market development. We also conduct product and market research on our own in Canada and the U.S.

RISK FACTORS

Discussion of risk factors relating to the Company and its operations is included under the heading Risks and Uncertainties within Interfor’s 2017 annual Management’s Discussion and Analysis prepared as of February 8, 2018, which is incorporated by reference herein and available on SEDAR at www.sedar.com.

CAPITAL STRUCTURE

The authorized share structure of the Company consists of:

- 150,000,000 Common Shares without Par Value with Special Rights and Restrictions (“Common Shares”); and
- 5,000,000 Preference Shares without Par Value with Special Rights and Restrictions (“Preference Shares”).

As at February 8, 2018 there were 70,030,455 Common Shares outstanding. There were no Preference Shares outstanding.

Common Shares

Each holder of a Common Share is entitled to receive notice of and to attend and vote in person or by proxy at all meetings of the shareholders of the Company and is entitled to one vote for each such share held.

Each holder of a Common Share is entitled to receive such dividends as the directors may in their sole discretion declare from time to time. No holder of a Common Share will be entitled to any dividend other than or in excess of the dividends declared by the directors. Subject to any special rights or restrictions as to dividends attached to any Preference Shares issued and outstanding from time to time, the directors have the discretion to declare dividends on the Common Shares.

In the event of the liquidation, dissolution or winding-up of the Company or other distribution of its assets for the purpose of winding up its affairs, holders of the Common Shares will not receive any amount, property or asset, until the holders of the Preference Shares and any other class or series of shares entitled to receive assets of the Company in priority to the holders of the Common Shares, have first received the amount to which they are entitled. Thereafter, the holders of the Common Shares will be entitled to all remaining property and assets of the Company on a share for share basis.

Preference Shares

The Preference Shares may be issued in one or more series. The directors may by resolution fix the number of Preference Shares in each series, determine the designation of the Preference Shares of each series, and attach special rights and restrictions to the Preference Shares of each series.

The Preference Shares rank in priority over the Common Shares and any other shares ranking junior to the Preference Shares with respect to the payment of dividends and the distribution of assets of the Company in the event of the liquidation, dissolution or winding-up of the Company.

The registered holders of the Preference Shares shall not be entitled as a class to receive notice of or to attend or to vote at any meeting of shareholders of the Company, except in the event of matters affecting the priority rights or any other rights or restrictions attaching to the Preference Shares.

MARKET FOR SECURITIES OF THE COMPANY

The Common Shares are listed on the Toronto Stock Exchange (“TSX”) under the symbol IFP. The following table sets out the market price range and trading volumes of the Common Shares on the TSX for the periods indicated:

Toronto Stock Exchange (TSX) 2017 Trading Volumes Ticker: IFP			
Month	\$ Low	\$ High	Volume
January	13.52	15.21	2,733,084
February	13.49	18.75	7,654,157
March	16.21	18.74	5,143,021
April	16.77	20.34	4,775,609
May	17.43	20.33	5,135,148
June	17.47	19.08	2,884,223

To our knowledge, two of the Company's directors have in the last 10 years been an officer or director of a company that was subject to bankruptcy or similar proceedings or securities regulatory sanctions described in National Instrument 51-102 *Continuous Disclosure Obligations* while that person was acting in that capacity, or that resulted from an event that occurred while that person was acting in that capacity. From 1993 to 2010, Mr. Lynch was an executive officer and director of Grant Forest Products Inc. ("Grant Forest"). On June 25, 2009, Grant Forest and certain affiliated entities filed and obtained protection under the Companies' Creditors Arrangement Act in order to restructure their business affairs and on November 27, 2015, Grant Forest filed for bankruptcy. From April 2011 to July 31, 2015, Ms. Hull was the Executive Vice President and Chief Technical Officer of Peabody Energy Corporation ("Peabody"). Peabody filed for Chapter 11 bankruptcy protection on April 13, 2016 and emerged from Chapter 11 protection on April 3, 2017.

The term of office for all current directors will end at the conclusion of the next Annual General Meeting of the Company's shareholders. The next Annual General Meeting is scheduled for Thursday, May 3, 2018.

As at December 31, 2017, the directors and officers of the Company as a group owned, directly or indirectly, or exercised control of or direction over 786,452 Common Shares representing approximately 1.12% of the outstanding Common Shares^[1].

^[1] Based on Insider Reports filed on SEDI.

INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

Since the commencement of our current financial year, and for the three most recently completed financial years, no director or executive officer of the Company, no person or company that is the direct or indirect beneficial owner of, or who exercises control or direction over, more than 10% of the Company's voting securities or any associate or affiliate of such persons, has had any material interest in any transaction involving the Company.

LEGAL PROCEEDINGS

We are not a party to, and our property is not the subject of, any material legal proceedings that took place in 2017, are currently underway, or which we know to be contemplated. In November 2016, U.S. softwood lumber producers filed antidumping and countervailing duty petitions with the U.S. Department of Commerce, alleging that dumped and subsidized Canadian imports are causing material injury to the U.S. domestic industry. Although Interfor has not been selected as a mandatory respondent in either of the antidumping or countervailing duty investigations, the outcome of these investigations will likely affect Interfor.

INTEREST OF EXPERTS

KPMG LLP are the external auditors of the Company and have confirmed that they are independent with respect to the Company within the meaning of the Rules of Professional Conduct of Institute of Chartered Professional Accountants of British Columbia and the applicable rules and regulations thereunder.

AUDIT COMMITTEE INFORMATION

The Company's Audit Committee (the "Committee") is mandated to oversee the accounting and financial reporting processes of the Company and audits of its financial statements in accordance with the Board's objectives. The Committee's functions include:

- reviewing and, if appropriate, recommending approval by the Board of the Company's annual and quarterly financial statements, management's discussion and analysis and earnings press releases;
- reviewing and approving disclosures required to be included in the Company's Annual Information Form and Management Information Circular relating to the Audit Committee and audit and non-audit services and fees;
- reviewing the process for certification, and the certification, of the interim and annual financial statements by the Chief Executive Officer and Chief Financial Officer;
- reviewing all public disclosure containing financial results or financial information;
- reviewing matters related to internal controls over financial reporting of the Company and ensuring the Company has adequate internal controls procedures in place;
- reviewing the principal risks of the Company, other than the risks associated with the Company's compensation policies and practices, and ensuring that an effective risk management strategy is in place;
- reviewing the Company's derivatives policies and activities, including details of exposures to banks and other counterparties;
- overseeing the activities of and directly communicating with the Company's external auditor;
- satisfying itself that adequate procedures are in place for the review of the public

disclosure of financial information extracted or derived from the Company's financial statements and periodically assessing the adequacy of those procedures;

- establishing and periodically reviewing the policies and procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submissions by the employees of the Company regarding questionable accounting or auditing matters;
- reviewing and approving the Company's hiring policies regarding partners, employees and former partners and employees of the former and present external auditor; and
- reviewing the Company's insurance programs, including the Company's directors' and officers' insurance coverage, and making recommendations for their renewal or replacement.

The Committee's Terms of Reference, attached as Appendix "A" to this Annual Information Form, sets out its duties and responsibilities.

The Committee met four times in 2017, in conjunction with regularly scheduled Board meetings.

Members' Financial Literacy, Expertise and Simultaneous Service

The board of directors has determined that the members of the Audit Committee during 2017 were, and all current members of the Audit Committee are, financially literate and independent as defined in *National Instrument 52-110 – Audit Committees*. The table below indicates the relevant education and experience of each member of the Audit Committee:

Relevant Education and Experience

Appendix "A"

**AUDIT COMMITTEE
Terms of Reference****PURPOSE**

The Audit Committee has been established by the Board and under powers delegated to it by the Board is mandated to oversee the accounting and financial reporting processes of the Company and audits of its financial statements in accordance with the Board Objective.

COMPOSITION AND TERM OF OFFICE

1. The Audit Committee shall consist of four or more Directors.
2. All members of the Audit Committee shall be independent within the meaning of *National Instrument 52-110 ("NI 52-110")*.
3. All members must be financially literate within the meaning of NI 52-110 or become financially literate within a reasonable period following appointment and at least one member should have accounting or related expertise.
4. The Chair of the Audit Committee along with other Audit Committee members will be appointed annually by the Board following the AGM to hold office until the next AGM, unless any member becomes unable to serve or is removed by the Board. A casual vacancy may be filled and additional members may be appointed at any time by the Board to hold office until the next AGM.
5. A quorum shall consist of a simple majority.

DUTIES AND RESPONSIBILITIES

The Audit Committee shall perform the following functions, as well as any other functions specifically authorized by the Board:

Financial Disclosure, Risk Management and Internal Controls

1. Review the following documents before the public disclosure of same by the Company, and, if appropriate, recommend approval by the Board of the Company's:
 - a. annual and quarterly financial statements;
 - b. Management's Discussion and Analysis; and
 - c. annual and interim earnings press releases.

The review will involve direct discussions with Management and the Company's external auditor (the "**Auditor**"), including an opportunity for an in-camera meeting with the Auditor independent of Management.

2. Review and approve the disclosures required by applicable securities laws to be included in the Company's Annual Information Form and Management Information Circular relating to the Audit Committee and audit and non-audit services and fees.

3. Review the process for certification of the interim and annual financial statements by the Chief Executive Officer (“**CEO**”) and Chief Financial Officer (“**CFO**”) and the certifications made by the CEO and CFO.
4. Review all news releases announcing financial results, containing financial information based on unreleased financial results or non-GAAP financial measures or providing earnings guidance, forward-looking financial information and future-oriented financial information or financial outlooks before the public disclosure of same by the Company.
5. Review financial information contained in any prospectus, take-over bid circular, issuer bid circular, rights offering circular and any other document that the Audit Committee is to review before the public disclosure of same by the Company, and, if appropriate, recommend approval by the Board.
6. Review matters related to internal controls over financial reporting of the Company and ensure the Company has adequate procedures in place in respect thereof. Ensure that the necessary measures are taken to follow up suggestions from the Auditor’s reports.
7. Review the principal risks of the Company, other than the risks associated with the Company’s compensation policies and practices, and ensure that an effective risk management strategy is in place.
8. Review the Company’s derivatives policies and activities, including details of exposures to banks and other counterparties.

External Auditor

9. Review and recommend to the Board the appointment of the Auditor to be nominated for the purposes of preparing or issuing an Auditor’s report and performing other audit, review or attest services for the Company.
10. Establish the mandate of the Auditor, including the annual engagement, audit plan, audit scope and compensation for the audit services, subject to shareholder approval.
11. Oversee the activities of the Auditor. The Auditor shall report directly to the Audit Committee.
12. Directly communicate and meet with the Auditor, with and without Management present, to discuss the results of their examinations.
13. Review the independence of the Auditor, any rotation of the partners assigned to the audit in accordance with applicable laws and professional standards, the internal quality control findings of the Auditor’s firm and peer reviews.
14. Review the performance of the Auditor, including the relationship between the Auditor and Management and the evaluation of the lead partner of the Auditor.
15. Resolve disagreements between Management and the Auditor regarding financial reporting.
16. Review material written communications between the Auditor and Management.

Non-Audit Services

17. Pre-approve non-audit services. The Audit Committee may delegate to one or more of its members the authority to pre-approve non-audit services. The pre-approval of non-audit services by any member to whom authority has been delegated shall be presented to the Committee at its first scheduled meeting following such pre-approval.

Company Policies

18. Satisfy itself that adequate procedures are in place for the review of the public disclosure of financial information extracted or derived from the Company's financial statements and periodically assess the adequacy of those procedures.
19. Establish and periodically review the policies and procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submissions by the employees of the Company regarding questionable accounting or auditing matters.
20. Review and approve the Company's hiring policies regarding partners, employees and former partners and employees of the former and present Auditor.

Insurance

21. Review the Company's insurance programs, including the Company's directors' and officers' insurance coverage, and make recommendations for their renewal or replacement.

MEETINGS AND PROCEDURES

1. The Audit Committee shall meet a minimum of four (4) times per year and, subject to these Terms of Reference and applicable law, otherwise establish its procedures and govern itself as the members of the Audit Committee may see fit in order to carry out and fulfill its duties and responsibilities hereunder. Extraordinary meetings of the Audit Committee may be called at the request of a member on the Audit Committee or the Chair of the Board to be held at such times and places as the person calling such meeting may determine.
2. A majority of members of the Audit Committee will constitute a quorum (provided that a quorum shall not be less than two (2) members). Decisions of the Audit Committee will be by an affirmative vote of the majority of those members of the Audit Committee voting at a meeting. In the event of an equality of votes, the Chair will not have a casting or deciding vote. The Audit Committee may also act by resolution in writing signed by all the members of the Audit Committee.
3. The Audit Committee shall appoint a Secretary who shall keep minutes or other records of its meetings and proceedings.
4. The Chair of the Audit Committee shall report to the Board at its next regular meeting the Audit Committee's deliberations and recommendations, if any, requiring the Board's approval.

OTHER MATTERS

1. The Audit Committee is authorized to engage any outside advisor it deems necessary to carry out its duties and responsibilities and to arrange payment of the advisor's compensation by the Company.
2. The Audit Committee may, at the request of the Board or at its own initiative, investigate such other matters as it considers appropriate in furtherance of the Audit Committee's purpose.
